HOSTED BY AVERY GRAPHICS, THIS IS AN INDUSTRY EVENT NOT TO BE MISSED!

Vehicle graphics and wraps are some of the most challenging and demanding applications and require a specialised skill set to ensure they stand the test of time. This course is designed to ensure you understand all of the variables involved in this critical application and have the confidence to provide your customers with a sound, professional and great-looking product.

Starting with an overview of the key considerations and techniques for application on difficult surfaces, we move on to spend the rest of the day completing practical applications to vehicles. The workshop is predominantly hands-on training and will provide knowledge to help make the application process quicker and easier, while pointing out the critical areas of importance in this specialised field.

Avery Graphics is dedicated to providing high quality technical support and training to users of all its products. This is achieved by Avery technical staff being on hand whenever you need; all Avery workshops are lead by two experienced Avery Graphics product specialists along with an industry leading professional applicator.

WHY SHOULD YOU ATTEND?

- ▶ Expand on your application skill set or even if you are an experienced vehicle installer who wants to hone their skills
- ▶ Be trained by two Avery product and application specialists
- ▶ Learn professional tips and tricks from an Avery Specialist Installer
- ▶ Be taught methods in selecting the right product for the right job
- ▶ Find out more about Avery products
- ▶ Learn key considerations and techniques for application to difficult surfaces
- ▶ Experience practical applications to vehicles
- ▶ Learn how to reduce application time
- ▶ Learn from specialists in vinyl & digital technology
- ▶ Be trained on advanced vehicle application techniques
- ▶ Learn how to manage troubleshooting – “the dos & the don’ts”
- ▶ Experiment with new and exciting products
- ▶ All attendees receive a complementary applicators pack, full of essential tools
- ▶ All attendees obtain an Avery Graphics Certificate of Completion
- ▶ If you have completed the Avery Essentials Workshop and want to enhance and improve these skills

TOPICS INCLUDE:

- ▶ Film selection and Avery products overview
- ▶ Surface preparation & preparing for application
- ▶ Application techniques and procedures
- ▶ Troubleshooting
- ▶ Demonstrations: wrapping a passenger vehicle & a commercial van (deep window recess)
- ▶ Hands-on application training

APPLICATIONS COVERED:

- ▶ Vehicle application – full passenger wraps and commercial vehicles
