HOSTED BY AVERY GRAPHICS, THIS IS AN INDUSTRY EVENT NOT TO BE MISSED!

Combining both practical (hands-on) training with a concise and informative theory session our Essential Application Techniques Workshop is tailored to meet the demands of the ever-changing graphics industry.

Led by two Avery Product and Application Specialists our workshop will provide you with a greater understanding of different applications and the process of choosing the right materials to ensure the graphics last for their required life.

Each attendee can also be guaranteed to learn time-saving application and finishing tips and tricks, with expert Avery technical staff providing insight in all aspects of application techniques.

This workshop is ideal for people new to the industry, apprentices or even experienced industry members that are just after a refresher. With only 24 spaces our workshop has been designed to give you an intimate training session with personal one-to-one attention.

WHY SHOULD YOU ATTEND?

- ▶ Learn from specialists in vinyl & digital technology
- ▶ Be trained by two Avery Product and Application Specialists
- ▶ Be taught methods for selecting the right product for the right job
- ▶ Be trained on essential industry application techniques
